Hi Dave,

I have attached the refs I could find in HERO (i.e., galilopour, zhou and xing). I believe these are the ones you are looking for, but if not please let me know.

I also attached a paper on which sogut is an author, although this is not the paper you want (songur).

Unfortunately, I was not able to find the Wang papers or that specific Sogut papers. I have cc'd some others here who may know how to get a hold of them.

Best,
Andrew

Hi Andrew,

Please send copies of the papers if they are in our HERO database to Dr. David Eastmond ASAP.

Thanks,

Bob
